

STANDARD FEATURES

⌘ HEAVY DUTY CONSTRUCTION

Top is made of solid 18" gauge stainless steel, including drip tray(s) for easy cleaning.

Wear-resistant black vinyl exterior, galvanized interior with durable stainless steel floor, and coved corners.

Drain is located in rear of cabinets to keep unit pristine at all times.

Ecomate® insulation foamed in place.

⌘ POLISHED STAINLESS STEEL TOWERS

Draft towers are three inches in diameter, stainless steel with polyurethane insulation. The continuous flow of cold air throughout tower results in a perfect pour. Ecomate® insulation foamed in place.

⌘ CO2 GAS VALVE INCLUDED

⌘ STAY OPEN DOORS WITH LOCKS AND LIGHT

90° Stay open door feature and interior LED light underneath the mullion.

⌘ MAGNETIC GASKETS

Built of one piece, the gasket is removable without tools for ease of cleaning and replacement.

⌘ ENHANCED REFRIGERATION SYSTEM

Factory engineered oversized and balanced refrigeration system.

CFC free R-134a refrigerators maintain temperature between 33°F to 38°F, keeping beers ice cold.

⌘ SIDE MOUNT COMPRESSOR & FRONT BREATHING

System allows easy service and unrestricted placement of the unit.

⌘ ANALOG THERMOSTAT

⌘ INTERCHANGE DOORS

Field interchangeable doors from Solid to Glass or Glass to Solid based on operator's needs.

⌘ GREATER USABLE INTERIOR CAPACITY

Evaporator located on left side above compressor providing a greater working interior capacity.

⌘ ADDC-23

Single keg units are rear breathing with internal drain, internal CO2 chain harness and with knockout place for external CO2 placement. Standard with 3" casters.

④ CONSTRUCTION

- 18 gauge stainless steel top and stylish black vinyl finish front, sides and back. Interior built of galvanized steel walls with covered corner stainless steel floor. Interior LED light.
- The entire cabinet has a 1-1/2" Ecomate® CFC-free, polyurethane insulation foamed-in-place.

- Field interchangeable doors with 90° stay open feature and locks standard. One piece magnetic gaskets for easy cleaning.
- ADDC-23 single keg units are rear breathing with internal drain, internal CO2 chain harness and with knockout place for external CO2 placement. Standard with 3" casters.
- Drain is located in the back, inside compressor housing.

④ REFRIGERATION SYSTEM

- Oversized and balanced refrigeration system.
- Self-contained capillary tube system using environmentally-friendly and CFC-free refrigerant. R-134a holding temperature at 33°F to 38°F refrigerators.
- Front breathing/side mount compressor for ease of service and placement in narrow spaces. Condensing unit is behind the front grill, slides out for easy cleaning and maintenance.

- Forced air cooling system for faster cooling and constant temperature in the cabinet.
- Large fan motor and fan blades for better air circulation.
- Self contained system, no plumbing necessary.
- Analog thermostat.

④ ELECTRICAL

- The whole unit is completely pre-wired at factory with cord and plug set included and ready for final connection to a 115/60/1 phase.
- 220V/50Hz/1ph available from factory.

④ WARRANTY

Continental USA & Canada:

- **One year** labor and parts warranty.
- **Five year** compressor warranty.
- **International:** one year parts only.

* Asber's specification are subject to change without notice as we continue to make product improvements.
