Think of the Possibilities

Why a Braising Pan?

You won't find a more versatile piece of equipment in any kitchen. Braising Pans, also known as Tilt Skillets can do it all, from grilling and braising meats to steaming vegetables and rice, simmering soups and sauces to frying chicken. You can cook almost any menu item in this one type of equipment, instead of needing, three, four or more different kinds of kitchen appliances.

What makes the Braising Pan special is its combination of large griddle surface and liquid capacity along with the easy to tilt pan body with a spring assisted vented cover. Braising Pans can perform the same functions as a stock pot, range, kettle, steamers and ovens.

Ideal for small and large volume cooking

Griddle cook foods such as bacon, eggs, hamburgers, chops and grilled cheese or use for backing up your existing griddle. You can simmer and boil soups, stocks and sauces or you can shallow fry chicken, fish and other meats. Plus the 9" deep pan prevents grease splatter. Steam vegetables and rice with perforated steamer inserts or braise large quantities of meats and much more.

Saves Time and Labor

Reduce cooking and preparation time in half or more by preparing one large batch instead of multiple smaller batches compared to range top cooking.

Saves Energy

Solid state thermostat controls only use the proper amount of energy for each batch. More efficient than open burner ranges and preheats faster than most commercial cooking equipment.

Improves Worker Safety

The easy to use tilting pan design allows you to pour directly into serving and cafeteria pans, thus eliminating lifting heavy pots and pans.

Easy to Clean and Maintain

No lifting or transferring, no pots and pans to wash. The water faucet or spray hose accessories makes clean up faster and safer.

Get Cooking with Cleveland

Griddle

The large cooking surface and precise solid state temperature control makes the Cleveland Braising Pan perfect for all your griddle requirements. Ideal for preparing grilled cheese sandwiches, pancakes, fritters, french toast or hamburgers.

Shallow Fry

Large batches of chicken, fish and assorted meats can be shallow fried. Grease spatter is minimized due to the 9" deep pan and grease is quickly and accurately removed via the large pouring lip or optional draw-off valve.

Steamer

Perforated steamer inserts allow for quick and easy steaming of vegetables and rice like a traditional pressureless convection steamer. In addition, you can poach, thaw or use the braising pan as a Bain Marie for holding and warming food.

Stock Pot

Simmer or rapid boil soups, stews, sauces and gravies with precise temperature control. The large pouring lip and smooth tilt action allows you to empty the Braising Pan quickly, easily and safely.

Cleveland Dura Pan™ Gas Series

The DuraPan series offers the ultimate in value and features, maintaining Cleveland's high standards in performance and dependability.

- ✓ 91,000 BTU (30 gallon); 130,000 BTU (40 gallon) for fast heat up and quick recovery.
- ✓ 5/8" stainless steel bead blasted cooking surface prevents warping and reduces food from sticking.
- ✓ Spring-assisted cover with adjustable vent.
- ✓ Completely front-serviceable with pull-out "works in a drawer" componentry.
- ✓ Recessed control panels prevents physical damage from carts, etc.
- ✓ Water-resistant controls and power jack with splash-proof design prevent water damage from spillage or cleaning.
- ✓ Optional sliding drain drawer with splash screen mounted on the left side.
- ✓ Can be hard-piped to a remote floor drain.
- ✓ Ideal for installations without a drain trough.

Cleveland Power Pan™ Gas Series

Cleveland's PowerPan series takes the Braising Pan design to a higher level in both performance and features. Now the most versatile piece of kitchen equipment is even better with exclusive features, superior performance and energy savings.

- ✓ Exclusive dual power settings: 90,000 and 125,000 BTU (30 gallon), 160,000 BTU and 200,000 BTU (40 gallons) provides superior heat-up and recovery.
- ✓ Exclusive ultra efficient power burner (forced-air) gas combustion system with automatic ignition.
- ✓ 5/8" stainless steel bead blasted cooking surface prevents warping and reduces food from sticking.
- ✓ Spring-assisted cover with adjustable vent.
- ✓ Open base design for easy cleaning and maintenance.
- ✓ Low 35" rim height for easy operation and cleaning.
- ✓ Splash proof controls and construction.
- ✓ Easy-to-turn manual hand tilt. Optional power tilt with manual override available.
- ✓ 10° cooking feature. Tilt unit up to 10° without the power being turned off.

Innovative Steam Cooking Manufacturing Since 1922

Cleveland Range has led in almost every major advancement in steam cooking equipment.

Cleveland first led this development with the Pressure Steamer and in 1974 with the invention of the Cleveland Convection Steamer.

With on-going investment in rugged high quality construction, energy efficiency, reliability and easy to use controls, Cleveland has grown to be the leading designer and manufacturer of Steamers, Kettles, Braising Pans, Convothem by Cleveland Combi-Ovens, Rotisseries and Cook/Chill Systems in North America.

Since then, Cleveland has added the design and manufacturing of Steam Jacketed Kettles, Braising Pans (Tilting Skillets), Convothem by Cleveland Combi-Ovens, Rotisseries and Cook/Chill Equipment to its product line.

As a Cleveland customer, you can depend on us to continue to provide high quality cooking equipment to meet your most demanding needs. Our goal is to make the day-to-day work in the kitchen easier for you.

SOLUTIONS

Cleveland Range LLC. provides many of the operational solutions from Manitowoc, a global company dedicated to bringing value to foodservice operators by equipping them with highly individualized real-world answers that enhance menus, service, profits, and efficiency.

FINANCING

Manitowoc offers low-rate, fast-approval financing on equipment from Manitowoc brands and on other equipment when purchased with Manitowoc brands. Preserve capital, simplify budgeting, and get the equipment you need today, from Manitowoc Authorized Dealers with Manitowoc financing.

SERVICE

Cleveland Range LLC. products are backed nationwide by Manitowoc STAR Service. This network of certified service agents provides fast response with factory-trained experts to assure your equipment will be fixed right the first time. Manitowoc STAR service agents guarantee their work and use genuine OEM parts for best equipment performance and longer life.

To learn how Cleveland Range LLC. and other leading Enodis brands can equip you, or to apply for financing, visit www.enodisusa.com, consult your dealer, or call 727-375-7010.
