## MetroTrux™

Redefining the standard in linen distribution

MetroTrux™ units are constructed of an advanced polymer material with molded contours that provide a ruggedized body to endure the toughest daily use. Its contemporary aesthetic provides elegance to fit into any décor. Its patented design is lightweight and ergonomic and includes corrosion proof components for years of reliable service.

- **Aesthetic:** Sleek lines, contoured silhouette and attractive blue color, provide a distinctive appearance suitable for any professional environment.
- **Quiet and Maneuverable:** Lightweight polymer construction, ergonomic full height integrated handle, and smooth rolling sound dampening casters roll effortlessly, even over uneven surfaces.
- **Cleans Easily:** Smooth polymer surface, rounded corners, stainless steel shelves and hardware, combined with standard drain holes on the bottom of the cart, allows for easy washing and drainage.
- **Identifiable:** Proprietary routing slip clip offers a clean way to identify the truck's destination.
- **Convertible MetroTrux:** Full open front with slanted stainless steel, convertible shelving that can be positioned either horizontal or vertical to create three different truck configurations:
  1. Both horizontal — for easy transport of, and accessibility to, stored items such as folded linens.
  2. Both vertical — creates a spacious rolling bin for the collection and the transportation of bulk items.
  3. Lower vertical & Upper horizontal — creates a combination lower compartment for bulk items and upper storage shelf for traditional storage.

Shelves in the vertical position can be flipped out and up, enabling easier access and retrieval of stored items.
- **Bulk MetroTrux:** Provides the perfect solution for storage and transport of bulky, hard to handle items. Use for transport of bulk soiled or clean laundry within a facility or from an offsite location, transport large bulky items, collect refuse or recyclables such as corrugated boxes. Can be ordered with or without gate and lid enclosures.

Redefining the standard in linen distribution

We put space to work.®

## Specifications

**Body:** Rotational molded polymer construction includes routing slip clip, and molded in handle. Color: Medium Blue

**Handle:** Integrated into cart, full height, with the following features:

- Keeps user's hands on the exterior of cart, preventing contact with soiled/clean contents
- Inset to keep user hands inboard to prevent incidental contact with surroundings
- Arched to position user to see around truck while pushing
- Curved outward to provide user more leg clearance while pushing

**TX48A-BULKSEC**  
Bulk truck, with enclosures

**Gate and Lid:** (option for bulk truck) Molded polymer construction with stainless steel hinges, latch and hardware. Color: Medium Blue

**Shelves:** (for convertible truck) Stainless steel wire, convertible, bolted to cart body, sloped to rear of convertible truck to help contain stored items

**Dolly:** Molded advanced polymer construction. Color: Charcoal Gray

**Casters:** Thermoplastic rubber (TPR) wheel with rounded tread design provides a softer, quieter ride than traditional flat faced wheels. The non-marking material also resists flat spotting and repels floor debris

- 6"D (150mm) wheel, with 2"W (50mm) rounded face
- TPR wheels and zinc plated horn; 4 swivel or 2 swivel, 2 rigid
- Double seal precision axle bearing, Double ball bearing swivel raceway with grease seal and zerk fitting

### Weight Capacity:

- Shelf: 200 lbs. (91kg)
- Truck: 600 lbs. (274kg)

**Handle design**  
provides added ergonomics

### Cart Cover:

**400 Denier Nylon**  
**Velcro Closure**  
**Color: Navy Blue**

Model No.	Description	Dimensions (DxWxH)		Approx. Pkd. W.t	
		(in.)	(mm)	(lbs.)	(kg)
