

Redco® Tomato Pro™ Manual Food Processor

Efficient. Consistent. Durable.

Tomato Pro™ Manual Food Processor

There's Never a Dull Moment with Lincoln Redco®

Prepare perfect tomato slices fast with the Redco® Tomato Pro™ Slicer. Ideal for slicing tomatoes, strawberries or mushrooms in high volume. The "positive stop" arm helps keep the Redco® Tomato Pro™ sturdy on any surface.

- Cuts up to 107 tomatoes in 12 minutes
- Easy Clean-Up, Easy Maintenance
- NSF Listed.
- Two-Year Warranty on Unit*

*Warranty does not apply to blades.

HOW TO GET THE MOST FROM YOUR TOMATO PRO™:

- Use the *Redco* Tomato King® Scooper to take the core out of the tomato before slicing - included.
- Use the *Tomato Pro* on a flat table with the "positive stop" arm secured against the edge of the table.
- Use a quick push to move the tomato through the blades.
- Keep the tomato slices together - they last longer that way.
- Occasionally spray off the blades with plain water - getting the food acids off the blades makes them last longer.
- Wash the *Tomato Pro* in a pot sink (Wash, Rinse, Sanitize) and let air dry.
- Lubricate the rails with food grade lubricant, not food spray or cooking oils. Petrol Gel or Taylor Lube works well.
- Keep the blades tight in the frame. Simply tighten the bolts that hold in the blade assembly.
- When the blades get dull, replace them. If they get too dull or loose, they will hit the pusher fingers when slicing and then the pusher head will need replaced as well.

Tomato Pro with Straight Blades

Cat. No.	Description	Blade Assembly
0643N	<i>Tomato Pro</i> , 3/16" Cut, Straight Blades	0653
0644N	<i>Tomato Pro</i> , 1/4" Cut, Straight Blades	0654
