

# CREWSAFE® SAFETY UTILITY KNIFE

## THE STORY

Our X-traSafe® Utility Knife was developed as a safe alternative to standard utility knives, minimizing loose razors blades in the workplace and reducing product contamination

Item #XSCU-03101

## BENEFITS

- Designed to protect users and people nearby from being injured when a blade slips off the surface being cut
- Reduces the medical, legal and lost time costs associated with employee and customer laceration injuries
- Minimizes product contamination associated with loose blades in the workplace

## FEATURES

- Patented blade guard system protects users by automatically closing & locking after each cut
- Blade guard remains locked until trigger is pulled to release it
- Stainless steel blade resists corrosion and breakage
- FDA compliant, food-safe materials
- Non-fatiguing, lightweight handle
- Tape splitter safely and easily opens taped boxes
- High visibility color
- Serial numbering available

Blade guard automatically closes after each cut

Pull trigger to release guard and cut

Tape Splitter

### Lanyards Available

#GS1030 (7.25 in, nylon strap)  
#GS1025 (11.25 in, adhesive disk)

**CAUTION:** Products that provide "cut resistance" and "cut protection" or "puncture resistance" do not prevent or eliminate the potential for cuts or punctures.
