Item#: _____

Quantity: _____

iLume

2791-ILT

Item #	Application	# Of Heating Zones	Peak Power
2791-ILT	Heat lamp	1	300 W

Description:

The iLume infrared, multi-positioning heat lamp combines modern design with superior functionality for better presentation and performance over traditional heat lamps. Powered by medium heat wave technology, the iLume offers more even heat distribution with greater energy efficiency than your standard heat lamp by penetrating heat energy into the food instead of simply warming the foods surface. The 12" carbon fiber heating element and dual LED illuminators highlight food at 4000K color temperature for a more attractive display.

Construction & Performance Features:

- Counter top with low profile base
- Long wave heat bulb that evenly distributes heat across food
- 2 LED light settings, Low and High
- 5' power cord with plug
- ON/OFF power Switch
- Capable of Daisy chain up to 4 units on 15-Amp circuit (US ONLY)

Standard Warranty:

Spring USA offers a one-year from the date of invoice, against manufacturers defects. See SpringUSA.com for more details.

Agency Listings:

- ETL
- UL 197
- CSA C22.2 #109 (cETL)
- NSF certified

Available Accessories/Alternate Configurations:

- Induction-ready cookware & serving vessels [Spring USA Catalog]
- Custom tabletop induction featuring SmartStone®
- Cooking utensils [Spring USA Catalog]
- Spring USA warming trays [Spring USA Catalog]
